Solar Turbines TITAN™ 130 Gas Turbine Generator Package 2005

Solar Turbines TITAN™ 130 Gas Turbine Generator Package 2005

Description

Manufacturer	Solar Turbines
Model (gas turbine)	TITAN™ 130
Version	20501SA AXI
Serial No	0482L
Combustion System	SoLoNOx
COD	2005
Operating Hours	5,000h
Location	China
Qty available	1 unit (GT1)
ISO Power Rating (Gas)	15,000 kWe
Fuel	Natural Gas
Plant Configuration	Single-shaft
Frequency	50 Hz

Solar Turbines TITAN™ 130 Gas Turbine Generator Package 2005

Technical Details

Scope of Supply

The package is offered as a complete power generation system, including:

- Solar TITAN™ 130 Gas Turbine
- SoLoNOx combustion system (new version)
- Gearbox
- Generator / Alternator
- Control system
- Auxiliary systems
- Gas turbine enclosure
- Integrated package skids and interfaces

Maintenance & Condition Summary

- Commercial Operation Date (COD): 2012
- Fuel conversion completed from COG to natural gas
- Approx. 5,000 operating hours on natural gas
- Reported condition: Excellent
- No visible structural damage from inspection images
- Enclosure, hot section insulation, piping, and auxiliaries appear well maintained
- Suitable for immediate redeployment subject to standard buyer inspection
